The News of the Morning.

The particulars of the explosion on board the steamer *Fanny Fern*, causing the death of fourteen persons, and severely injuring some eight or ten others, are given this morning. It was a sad affair.

A resolution was introduced into the Legislature Saturday, as to the expediency of relieving persons who had mortgaged their farms for railroad purposes. The other proceedings partake of a reformatory character. Congress was not in session.

Further Indian depredations are reported in the Southwest, and many persons have been murdered. It is supposed the Indians are in the employ of Brigham Young.

Washington dispatches assert that the Lecompton swindle will have a majority of two in the Senate. In the House 19 Northern Democrats are considered certain against the swindle, while 7 are doubtful.

Tuckerman, the mail robber, has been examined and bound over for trial in the sum of $20,000. Failing to obtain bail he was remanded t jail.

Advices from Utah, state that Col. Johnston has made or will make an attempt to enter Salt Lake City at once. It is the Colonel's opinion that the Mormons will show fight.

On our inside will be found a communication in relation to the new *Harbor*, which should be read by all, coming as it does from an experienced contractor.

Home and Eastern grain markets dull with downward tendency on Saturday. We publish this morning our weekly review of the home market, generally.

Money market unchanged with prospects of an improvement as we approach the resumption of navigation.

THE MESSAGE AND THE PRESS.—The Democratic press of the State has very unanimously approved of Gov. RANDALL'S message. In speaking of it, the Fond du Lac *Journal* (Dem.) says:

He makes some very timely suggestions and recommendations regarding the different branches of our State Government, to which we trust proper respect will be paid—that some very grave errors and offences have been committed in certain Departments, is a fact pretty well known, and we are glad the Governor is recommending the subject to the attention of the Legislature, that a repetition may be avoided.

At the conclusion of its remarks upon the merits of the message, the *Journal* says:—

"Altogether, the message is a very good one, and we hope the Governor will strictly carry out the policy he recommends."

A Scare-Crow for Aldermen.

Messrs. Editors:—The Boston *Journal*, has "heard of a fellow down east, who has invented "a scarce-crow so horribly ugly, that all the "crows in that vicinity are bringing back the "corn they stole last year."

Now in view of our high taxes, I would suggest that we send for a few of the above institutions, and hang them where our City Fathers and Officers could get a full length view daily. If the effect be one half as satisfactory as the above the tax payers of this City would feel grateful for the suggestion of

MILWAUKEE, Jan. 30, '58. TEUNK.

THE GREAT RACE OF CLIPPER SHIPS.—The number of American built clippers engaged in the transportation of troops to India, has naturally caused a great interest to be taken in their several passages, as also in the passages of the various British clippers, and seven steamers. This season of the year, it is well known to nautical men, is the most unfavorable for the navigation of the Bay of Bengal. Some of the clippers were obliged when nearing Calcutta, to let all anchors out at night, to barely keep what headway they could make in the day time, and some of them lost as much as eleven days by this very cause, before they could get a pilot.—Many of the vessels were within a hundred miles of each other, during the entire passage, but did not know it until they compared logs at Calcutta. The race between the clippers "James Baines" and the "Champion of the Seas," is described by those who saw them when nearing land to have been a magnificent sight.

By the arrival of the Europa we have the gratifying intelligence of the arrival out of the celebrated American clipper-built ship Lightning, in *eighty-seven days*, thus sustaining her previous reputation for speed. We annex a comparative table of the passages of the various vessels:—

Passage of the "Lightning,"	87	days
" " "James Baines,"	103	"
" " "Champion of the Seas,"	101	"
" " other sailing vessels,	120	"
Average passage of full power screws,	88	"
" " auxiliary "	96½	"

By the above table it will be seen that the Lightening has not only beaten handsomely all the other American and British built clippers, but she has also beaten all the average passages of the auxiliary screw steamser, and has come within three days of the passages of the full powered screw steamers. This is another splendid triumph of American naval architecture.

Explosion of the Fanny Fern—Fourteen Persons Killed.

We gather the following particulars of the late steamboat disaster from the Cincinnati *Gazette* of the 29th.

About 2 o'clock yesterday afternoon, the stern-wheel steamer Fanny Fern, Captain Ben Woodward, on her way from St. Louis, when just at the head of Bosley's Bar, above North Bend, about 16 miles below this city, burst her middle boiler, with a most terrific noise. The exploded part was forced up and forward, carrying with it all but three rooms in the short cabin, the forward guard, the Texas, and the pilot house. The boiler was carried a distance of seventy or eighty yards from the boat, and sunk in the river.

Immediately following the explosion, the cabin and every part of the boat was filled with steam and the wildest confusion prevailed, rendering anything like system or order out of the question. In the cabin there were twelve male and two female passengers, and on the deck eleven males and three females—28 passengers in all. The survivors represent the crash which followed the first explosion as terrible and deafening, the upper portion of the steamer falling in one general mass upon the lower deck, as the underwork was carried away by the exploded boiler.

Capt. Woodward was standing upon the starboard guard talking with Mr. Thompson, the mate, and was blown by the explosion into the river, and has not been seen since. He was undoubtedly drowned. The Mate was thrown against the railing, to which he held on until he recovered from the concussion, and immediately got out the life boat and made an effort to save the passengers, in which he was fortunately successful.

The first clerk, Alfred J. Rogers, and the second clerk, Harvey Drum, both of Pittsburgh, were in the office over the boilers, and both were thrown a distance of about 60 yards into the river, and were picked up by the life-boat and conveyed to the Indiana shore. Mr. Rogers had his face, hands and feet very severely scalded, and Dr. Fishback, who attends him at the Broadway Hotel, thinks he is injured internally. Mr. Drum was scalded on the face, hands and arms, but less severely. He is also at the Broadway Hotel.

A widow lady and child, whose name is not known, on her way from St. Louis to some place about 55 miles back of Maysville, who came on board at Louisville, were drowned. After the boat was in flames, the mother rushed to the stern of the boat, fastened the child to her person, and jumped into the river. She had been deserted by her husband in Missouri, and had been given a free passage to enable her to reach her friends. Both mother and child sunk and were seen no more.

The Chambermaid, Hannah Thomas, from Allegheny, Pa., was blown out of the boat with a part of the cabin, a considerable distance into the air, and was seen to fall into the river, and was drowned.

A Mr. and Mrs. Murphy, of Pennsylvania, a newly married couple on their way to their residence, were both drowned. Mrs. M. was seen upon the stern of the boat terribly frightened, and uncontrollable, and finally jumped into the river. Her husband who was standing by her side, followed to rescue her, but in the effort to secure a floating plank, both sunk to the bottom locked into each other's arms.

Andrew J. Kirkpatrick, a cabin passenger, was slightly scalded on the back of the neck, and right arm, but is able to walk about. He is at the Broadway.

W. Scott, the pilot at the wheel at the time of the explosion, fell amongst the ruins of the wheel house to the lower deck, but escaped with slight injuries.

Mr. Wilson, a deck passenger, an Englishman on his way to Canada, was blown into the river and drowned.

Mr. and Mrs. Harrison, cabin passengers, from Tennessee, were thrown into the river, but were saved by the life boat.

David Miller and John King, two of the crew, were thrown into the river by the explosion, but were saved.

John Hull, the carpenter of the boat, was blown overboard, but received no injuries. He succeeded in reaching a floating door, and was successful in swimming ashore.

Jas. Maloy, Michael Donahue, and John ——— (the latter boarded at widow Maloy's, in Pittsburgh) all her deck hands, are supposed to be drowned, as nothing has been heard of them since the explosion.

The porter of the boat, James Anderson, aged about 24 years, from Xenia, is also missing, as is the pantryman, Jas. Kavanaugh, from Pittsburgh.

Two firemen, both colored, Thomas Walker and Robert Riddle, are known to be lost. Walker was drowned, and Riddle killed by the explosion.

Roswell Beach, a watchman, was standing on the starboard side of the boat, and was thrown overboard, but subsequently made his way to the shore.

All of the persons who are known to be saved from the wreck, were conveyed to the Indiana shore, and the train of the Ohio and Mississippi railroad coming along soon after, the injured, scalded and escaped passengers and crew were conveyed to this city, and properly cared for.—Many of the deck passengers who, fortunately, were uninjured, took passage last night on board the Hazel Dell, to their various points of destination. Others remained in the city, in charge of friends, or as public charities.

NAMES OF THOSE KNOWN TO BE SCALDED.

John Flynn, on his way from St. Louis to Philadelphia; hands and face badly scalded.

William Paul, a cabin passenger on the Fern, a resident of Canada West, on his way to Cincinnati from St. Louis.

John W. Kerr, a canal boatman from Allegheny, Pa., was horribly scalded all over the body, head and face, and presents a most painful appearance. There is barely a possible chance for him to survive his injuries.

Henry W. Casey was scalded all over the body, feet, face and head; his hair and eyebrows were badly burned, and a severe wound inflicted upon his head.

Alfred J. Rogers, first clerk, severely scalded.
Harry Drum, second clerk, slightly.
Andrew J. Kirpatrick, slightly.

Several others were more or less scalded and burned, or injured by the timbers and rubbish in the first explosion, but none of them severely so.

PERSONS KILLED.

Capt. Benj. Woodard.
Mr. and Mrs. Murphy, of Pa.
William Wilson, an Englishman.
James Anderson, porter of the boat.
James Maloy, a deck hand.
Michael Donahue, " "
John——— " "
James Cavanaugh, Pantryman.
Thos. Walker, Fireman, (colored,) drowned.
Robert Riddle, " " killed by the explosion.
Widow Lady and Child—name not known.
Hannah Thomas, chambermaid.

THE FATE OF THE STEAMER.

The explosion of the boiler scattered the fire from the furnace, and in a few minutes the boat was in flames. The passengers who were uninjured, ran wildly about, and several jumped overboard and were drowned, while others were picked up by the small boats and conveyed to the shore. Those who were saved describe the scene as one of the greatest consternation, the passengers who were not thrown overboard by the explosion, running about shrieking and screaming in the wildest manner.

The steamer headed for the Kentucky shore, after the explosion, and gradually floated down the river, and at a distance of a mile and a half from the scene of the catastrophe, burned to the water's edge, when the hull sunk within 30 feet of the land.

Fire.

NEW YORK, Jan. 30.

The furniture store of Henry Radford, 68 Fulton street, Brooklyn, was destroyed by fire last night. Some of the contents were saved. The stock was valued at $60,000, and the building at $16,000; insured for $28,000.

Accident.

PHILADELPHIA, Jan. 30.

Richard B. Jones, formerly proprietor of Jones' Exchange Hotel, fell accidentally from a third story window, and was fatally injured.

A SCAMP.—The New Lisbon *Republican* says:

"A notorious villain, calling himself Page, came to Portage City a few weeks since, and hired a livery stable carriage and horses to make a trip into the country. He went to Glendale, Monroe Co. fell in love with a young girl and married her the next morning after his first visit to her. After spending a couple of days with her, he obtained the loan of his brother-in-law's overcoat, went some ten miles distant, and married another Miss of fourteen; then stole his father-in-law's pocket book, and brother-in-law's boots, and absconded. Nothing has been heard from him since. Let the girls be on the look-out for such rogues."

CITY MATTERS.

MRS. MOZARTS' CONCERT.—Notwithstanding the inclemency of the weather, and the fact that Mrs. Mozart was an entire stranger in our city, her Concert on Friday evening, at the Albany, attracted a good house. The programme was well-selected and the performances satisfactory. Mr. Markt, violin, Mr. Carrie, piano, and Mr. Mozart, basso, each contributed to the enjoyment of the audience. Mrs. Mozart herself made a most favorable impression. Her ladylike manner and personal graces lent additional effect to her full, rich and well-trained voice. She was heartily applauded in all of her songs and encored in two of them. We are glad to learn that it is her intention to give a second concert in our city during the current month.

AN EASTERN FORGER ARRESTED IN THE PINERIES.—Officer Whitney from York Co. Maine, arrived in this city on Saturday, on his return home with a prisoner whom he had arrested in the northern part of Clarke Co., in this State.—The prisoner name is David Stone, and the offence with which he is charged is forgery. It is said that he forged a check or draft for a thousand dollars at Biddeford, Maine, in November last and escaped without detection. Officer Whitney has been on the look out for him since that time, and by prosecuting the search vigilantly he traced him to the Pineries in this State, where he found him at work, and he arrested him. He is now taking Stone back to Maine on a requisition from the Gov. of that State. He was late for the cars on Saturday, and was obliged to remain in this city until to day.

"GINGER" AGAIN.—It will be seen by our Police Court report this morning, that "Ginger" has again begun to practice his old capers. This "Ginger" is a most impudent rascal. He has become notorious for insulting and annoying ladies upon the streets, and sending indecent letters to them. He was brought up on Saturday for disorderly and disreputable conduct, and put under bonds of $500 for his good behavior for six months.

A good dose of raw-hide, well applied, we think would prove the most effectual cure fo such a scamp, and the person who would administer is would be a public benefactor.

THE RAIL ROAD BALL AT FOND DU LAC.—The most extensive arrangements, says the Fond du Lac Journal, have been entered into for the complete success of the Grand Railroad Ball to come off at Armory Hall on the 11th February next. Invitation cards and circulars have been distributed in every direction, and it is anticipated that a very fine representation from abroad will be present to enter into the festivities of the occasion. The gentlemen who have the management of the affair are as influential and energetic as we have in the city, and we see no reason why it should not be a brilliant success.

THE MASQUERADE BALL TO-MORROW NIGHT.—Extensive preparations are going on for the Masquerade Ball of the Ladies' Society, to-morrow (Tuesday) evening, at the Albany. It promises to be altogether the gayest and most attractive affairs of the kind, yet given in our city. The proceeds go to the German and English Academy, one of the best conducted Schools in our City.—Those who have not yet got their "masques" ready, will do well to prepare them to-day.

POSTPONED.—The telegraph informed us on Saturday that the drawing of the Cosmopolitan Art Association, which was to take place at Cleveland, on the 28th inst., had been postponed to the 25th of March. The telegraph gives no reason for this postponement. A good many of our citizens are interested in the drawing, and some dissatisfaction is expressed at its being deferred.

ELECTION TO FILL VACANCY.—At a recent meeting of the Milwaukee Union Guards, held at their Armory, James O'Brien was elected to the position of 3d Lieutenant.

Mr. O'Brien is a gentleman of military experience, having held a commission for several years in the Shields Artillery, of Boston. He will be quite an acquisition to the Union Guards.

POLICE COURT.—On Saturday a young man, a German, named Frank Goodwall was brought up on a charge of attempting to commit a rape upon a child 7 years old. He was discharged for want of evidence.

George Grills (Ginger) for disorderly conduct and insulting ladies, was put under $500 bonds for his good behavior for six months.

RUNAWAY AND ACCIDENT.—Two horses attached to Coon's Express wagon, ran away in the 4th Ward on Friday, near the depot of the M. & M. R. R., and threw out the driver, breaking his leg. His name is John Willimbirg. He resides in the same Ward where the accident happened.

LARCENY.—A day or two since, Chief of Police Beck, took a woman named Martha M. Jenks to Chicago, to answer a charge of larceny. In November last, she robbed her employer of clothing to the value of $84. She was committed in default of $500 bail, to await her trial in that city.

MARINE.—The little schooner *Harvest*, arrived here on Saturday morning with a cargo of fish and empty barrels from Sheboygan. The *Harvest* has made regular trips between this port and Sheboygan all the winter.

ED. FLYNN.—This individual is requested to come or write immediately to Madison, Wis., where he will find his brother, Thomas F. Flynn.

COMMON COUNCIL MEETING.—A regular meeting of the Common Council will be held this evening.

ADVERTISED LETTERS.—The semi-monthly list of letters remaining in the Post Office, is advertised this morning.

Weekly Review of our Markets.

OFFICE OF THE DAILY SENTINEL,
MILWAUKEE, Feb. 1, 1858.

The second month of the Winter closes upon a dull and declining market. The mild weather has broken up the country roads, and receipts of produce are light.—There is no animation in the market, and business is principally confined to the retail trade. We append quotations of leading articles, and our usual weekly report of the Money Market:

WHEAT—55@57 for Spring, 58@60 for choice Club to mill, 65@75 for white Winter.

BARLEY—Nominal at 40a45.

RYE—Nominal at 50.

CORN—30@35.

OATS—Quiet 25.

POTATOES—Dull, 25@37½.

BUTTER—12@15 for firkin, 14@18 for roll.

HAY—Scarce, $9@10 for marsh, $11@13 for timothy.

WOOD—$3@3,50 for mixed to good hard wood.

Cattle and Provisions.

LAYTON & PLANKINTON, of the Bull's Head, report but few cattle in the market, during the week, and mostly all sold. Some extra cattle sold to the Butchers at $3,50 ℔ cwt., live weight, which is an outside price. Common qualities only command $2,25@3. Hogs are in rather better demand, $4@4,37, for live weight; $4,50@5 for dressed.

Provisions are firmer at our last quotations. Mess Pork heavy, $18; light do $12,50; Sugar Cured Hams 10 ℔ ℔; Lard in the bbls, 9c ℔ ℔. No change in Soap and Candles.

Produce in Store.

A careful summary of the amount of Flour, Wheat, Barley, &c., now in store in this city, (January 31st, 1858) shows the following aggregates:

Flour, bbls	62,506
Wheat, bus	3-5,917
Barley, bus	13,828

Of other grains, the amount is inconsiderable.

Comparative Prices.

Compared with last year, prices for leading articles are as follows:

	Feb. 1st, 1858.	Feb. 1st, 1857.
Wheat, club	57@ 60	90@ 91
Wheat, winter	65@ 80	$1,00@1,10
Barley	40@ 45	1,30@1,35
Oats	23@ 25	35@ 38
Corn	30@ 35	50@ 51
Rye	45@ 50	65@ 70
Cattle	$2,50@ ,50	$3.75@4,75
Hogs	$4,50@5,00	$9,00@8 25

It will be seen from the above, that there has been a heavy decline in the prices of all articles, since last year.

Money Market.

BANKING AND EXCHANGE OFFICE OF BRIDGE BROTHERS,
166 EAST WATER ST., MIL. Jan. 30, '58.

A careful review of the transactions of the month which is just closing, only confirms us in the opinion we have before expressed, that money matters will continue to improve, as we approach the opening of navigation. At the East there is an increased accumulation of funds to such an extent that even second class securities are beginning to be regarded with favor, and we cannot see any reason for anticipating even an ordinary stringency there for a long time to come. This being the case, it is but reasonable to predict that a portion of the great surplus idle in Eastern hands will seek investment here where ample securities invite the attention of the capitalist, as soon as circumstances permit its being sent forward.

Exchange is in moderate request, without any change in prices.

Land Warrants are more active, at higher figures.—We quote selling, with an advancing market:

Notice to Western Emigrants.

THERE will be a meeting of those interested in the Maulton City Town and Land Co., on Saturday evening next, January 30th, at No. 8 Market Square, opposite the Post Office. An opportunity at that time will be offered to Mechanics, and others, who may wish to go to this point as actual settlers, and are not able to take the amount necessary to become a stockholder in the Company to buy one or more lots on reasonable terms. This is a pioneer enterprise, and those who enlist in it now, will have an opportunity of securing good homes in one of the richest valleys of the North-West, at a trifling cost, and on easy terms.

We understand that Menzel, Cummings & Goodrich, of the Badger Iron Works, of this city, are building a steam engine and Boiler for this point. Also that Mr. Paul has contracted for one hundred thousand feet of pine lumber to be delivered in St. Louis by the 20th of June, to be shipped from there to this point by way of Missouri river, and to facilitate in building as early as possible, the coming season. Capitalists seeking investments will do well by calling on Mr. PAUL, at the American, and examining his plans. He will leave in a short time for this point. Thirty five shares in this Company have already been sold, leaving sixty-five yet in the hands of the proprietors. jan27f915d4t

Adjourned.

XXXVth Congress—1st Session.

WASHINGTON, Jan. 29.

SENATE.—Not in session.

Mr. Harvard called attention to the fact that the bill providing for the deficiency in the appropriation for the printing now before the committee of the whole on the state of the Union, had not been discussed, but the debate devoted to general subjects. He offered resolutions for extending the debate on the Bill till to-morrow and confining speeches strictly to the subject.

Mr. John Cochrane objected, for the simple reason that it was too late to insist on such a course; the committee of the whole on the state of the Union having yesterday distinctly refused to enforce the rule. Further proceedings on this subject were terminated by the House going into committee of the whole on the printing deficiency bill.

Mr. Burrett said that the public printing had been charged as a source of corruption, through which the treasury had been robbed, also that gentlemen who hold the offices of public printers had realized princely fortunes, and extensive combinations are formed through which the printing is controlled. He did not make these charges, nor did he know how far they were true. It had been advanced in favor of their election, that they had given thousands of dollars, and freely opened their purses during the Presidential election. The printing had grown enormously for a few years past. For the thirty second Congress it was $950,000. Amongst other citations of extravagance, he said that $46,440 was spent for woodcock, squirrels, mice and other animals to be worthlessly put into the patent office report. He was for stopping this draft on the treasury by paying for all work completed, and dispensing with that not yet performed. He moved to amend the bill by reducing the proposed appropriation of $790,000 to $420,000.

Mr. Letcher showed that the amount in the bill was to pay for the liabilities incurred by the last two Congresses. He alluded to the fact that the publication of the Report of Gillis' Astronomical expedition cost $116,000; and that the Pacific survey nearly $833,000, and Emery's report $847,000. He hoped that in some way a stop would soon be put to this system of printing.—The publication of these and other reports, amounted to nothing more than that the government was to be the publisher of these books, which would not tempt private publishers. Some of these books were utterly worthless. He appealed to the committee to take some means to put an end to such shameful extravagance in the future. Their constituents should not be taxed for such unjust and wasteful purposes.

Mr. Phelps explained that the bill is to provide for the payment of the amount due under contracts made by the House. These contracts should be met, and Congress should not undertake to repudiate them, and the present Congress should be held responsible for its expenditures for printing, and should govern its future course by its experience of the past.

Mr. Crawford was willing to pay for work already done to the extent of $314,000 and no more.

Mr. Nichols thought that it was proper that the House should manifest its sense as to what should be done relative to printing, but he was opposed to the suggestion of the gentleman from Georgia.

After further debate the Committee rose without coming to a conclusion upon the subject, and the House then adjourned till Monday.

Washington Matters.

WASHINGTON, Jan. 30.

Senator Sumner writes from Boston that his health has so much improved, that he will be here in time to vote upon the army bill.

The Times correspondence says:—The latest canvass of the Senate gives reason to fear that Lecompton will have a majority of two in that body, including both the New Jersey Senators, Jones of Iowa, and the spurious Senators from Indiana.

Private dispatches received here state positively that Calhoun has backed out of his rejection of the returns sent to Gen. Denver.

The administration concedes that the Pennsylvania Legislature will vote against the Lecompton Constitution. If the direct question is reached, their friends design to smother the resolution, in the select committee to which they are referred. In the House 19 northern Democrats are considered certain against Lecompton, with 7 probably in addition.

The government employees are being paid their monthly salaries to-day principally in treasury notes.

Advices from the Pacific show that the Indians, though peaceable, have been much excited by rumors which reach them of the destruction of government stores; and it was found that there is a disposition on their part to break out in open hostilities.

Committee on Foreign Affairs of the House, are engaged in the preparation of a report on Central American affairs—which will, it is said, support generally to the views of the President.

Later from Utah.

ST. LOUIS, Dec. 30.

The Independence correspondence of the *Republican*, gives some additional items from Utah. Capt. Marcy is expected back about the middle of April. Therefore, transportation will soon be effected.

Capt. Johnson made an effort to enter Salt Lake City. Johnson's impressions, from demonstrations made by the Valley troops, is, that they will have a fight.

Judge Reckle's Court was in session. A good many presentiments were made by the Grand Jury, involving business enough for two or three weeks.

J. C. Irwin, who brought the news to Independence, met a large number of Arrapaho, Sioux, and Pawnee Indians, at different points on the plains. Irwin is bearer of despatches to the Government.

Southern Items.

WASHINGTON, Jan. 30.

The Southern mail brings New Orleans dates of the 24th. The steamer Empire City was aground at the bar, on the 23d. Three steam tugs were attempting to haul her off.

The freshet in Trinity river (Texas,) continues, and the transportation of the mails was cut off.

The Indians had made a foray into Erath, Bosque, Palo, Pinto and Cardell counties, murdering many persons, and stealing a number of horses. The impression was that the Indians were in communication, and in the employ of Brigham Young.

Tuckerman the Mail Robber.

NEW HAVEN, Jan. 30.

The examination of Tuckerman, the mail robber, has resulted in his being bound over in $20,000, to take his trial on the 4th Tuesday; for want of bail he was returned to jail.

MONDAY MORNING, FEB'RY 1.

City Matters.

Our Common Council hold a meeting, to-night, to act upon the claim of HASBROUCK & CONRO, the harbor Contractors, and upon Ald. PLANKINGTON's resolution to retrench the salaries of the different City Officers. Both these matters have attracted a good deal of public attention, and much interest is felt as to the final action of the Council.—As to the Harbor, the impression prevails very widely among our citizens that there has been great waste and mis-management, if not corruption, in the letting and execution of the contracts and that the cost of the work has been swollen to an inconsiderable and extravagant amount.—The aggregate cost of this improvement, to date—allowing the account of the contractors, as presented to the Council—is about $275,000, while the job was originally let for $78,000. It is impossible that so enormous a discrepancy should not excite suspicion and provoke inquiry; and while we are sincerely anxious that the contractors, Messrs. HASBROUCK & CONRO, who appear to have acted throughout in good faith, and to have done their work well, should be dealt with fairly and equitably, it is due to the Tax payers and to the public, that the business should be sifted to the bottom. A correspondent, himself an experienced contractor, discusses the subject at some length in this morning's paper. We commend his facts and figures to the attention of our readers, and, if any of them are incorrect, invite a reply from those who are posted.

The question of reducing the salaries of City Officers ought to be promptly met by the Council. These salaries have been raised, from time to time, on the plea that prices for rent, fuel, provisions &c., were constantly advancing, until they have reached aggregates far beyond what are paid to the highest Executive and Judicial Officers in the State. We hold that the increase made in them last Spring, was in violation both of the City Charter and the State Constitution, and that they ought all to be reduced to the amounts paid previous to their last raise.

Retrenchment and Reform.

We learn from Madison, that, to a call of the Assembly upon the Secretary of State, for information as to the cost of the public printing, Col. Jones yesterday announced, that during the last year, it had amounted to $20,000! This enormous sum went into the coffers of black republican publishers, in consideration and reward, much of it, of partizan services. This is retrenchment and reform with a vengeance.—*News, of Saturday.*

The *News* is a sad blunderer, or worse. A few days since it asserted that the Legislature which disposed of the Land Grant was Republican, and charged Speaker LOVELL with giving the Democrats but one member out of five, on the Investigating Committee. Both these mis-statements were promptly exposed; but the *News* sticks to them, nevertheless. Now it charges that the $20,000 paid for the public printing last year went to "black republican publishers," as a reward for "partizan services." This fabrication is as gross as the others. If the *News* will take the trouble to consult the report of its political friend, Secretary JONES, who audits those printing accounts, it will find the following "enormous sums" set down as paid to Democratic publishers, during the last year—whether as a "reward of partizan services, or not," we leave the *News* to say:

Calkins and Proudfit,	Mad. Argus,	$27,187,83
Calkins and Proudfit,	" "	3,409,90
Greulich & Schoeffler,	Milwaukee,	1,125,00
Schoeffler & Wendtr,	"	5,687,60
E. Stangeland,	Madison,	2,338,26
Sharpstein & Lathrop,	Milwaukee,	439,25
Calkins & Webb,	Madison,	3,877,24
Fuchs & Goll,		2,118,75
		$44,334,33

Instead of the "enormous sum" of $20,000, paid to "black republican publishers," here is the snug little amount of $44,334,33 (!) paid to Democratic publishers! We invite the attention of the *News* to the above figures, and await its explanations.

THE LEAD MINES.—The Mineral Point *Tribune* says that official statistics show that during the past year there has been raised in Iowa and Lafayette counties alone, nearly twenty-three million pounds of mineral, which has been sold for not less than $570,000. In Grant County we presume nearly as much more has been raised, which would increase the value of the amount to over $1,000,000. And this too has been done without the investment of any large amount of capital, or the labor of a very great number of men. Most of the mining has been done on a small scale, by individual enterprise. Present developments indicate that the heaviest bodies of mineral are below a level yet reached by many of the miners, and which cannot well be obtained without a greater outlay of capital than the laboring classes generally possess.

A shaft has just been sunk near the city by one of their enterprising citizens, to a much greater depth than is usual in mining, and the result has been the discovery of a sheet of mineral some four inches in thickness, which promises a rich reward for the labor and money expended in obtaining it.

The *Tribune* trusts that an appropriation may be made by the Legislature for the purpose of ascertaining the facts in relation to supposed large bodies of mineral below the point at which miners generally suspend operations.

IMPORTANT FACT.—A significant fact was stated in the house of representatives by Mr. Hatch, of New York—that the inland commerce of the northwestern lakes and rivers surpassed the foreign imports and exports of the United States.—*Janesville Gazette.*

One other fact ought to be stated in this connection, that while tens of millions are annually expended by the General Government, for the protection of our foreign commerce, "National Democracy" refuses to appropriate a dollar for the protection of the commerce of the Lakes.

MAKING MAPLE SUGAR IN JANUARY.—The Watertown *Democrat* of the 28th ult., informs us that Maple Sugar has been extensively manufactured in that vicinity, during the month of January; the sap running as freely as in March.

NEW YORK BIBLE SOCIETY.—There was a long and exciting discussion, at the meeting of the Board of managers of the Bible Society Friday evening, after the rejection of two minority reports. The report of the majority committee of nine, who were appointed to consider the revised edition of the bible was adopted. It refers the present standard of the English bible of the society to the committee on versions for revision to conform to the previous editions printed by the society, or the authorized British editions.

WASHINGTON, Jan. 29.

Senor Molina, Minister of Costa Rica, has been officially advised of the late treaty between that government and Nicaragua, and as it settles to a certain extent the business for which Escalante was specially despatched to Washington. He will soon return to Costa Rica.

A private letter, from a high functionary of Nicaragua, received at Washington, states that the feeling now existing between the Nicaraguans and Costa Ricans is of the most friendly character.

Two hundred thousand dollars of treasury notes were to-day paid to mail contractors.

The Harbor and its Cost.

Messrs. Editors:—The Report of the Harbor Committee, lately made to the Common Council, seems to me to want clearness in some of its statements; it is also justly chargable, I think, with omitting some facts that ought to be made known.

The report states that under the contract with Mr. Hawley for building the Harbor, $21,000 of bonds were issued. Mr. Hawley seems to have been prosecuting a contract for dredging at the same time, on account of which $10,000 in bonds were paid over to him, making together $31,000. When he abandoned his contract to Col. Barton, an estimate of the work done by him, on both contracts, was made by the City Engineer, and was found to amount to a little over $4,000, including materials delivered.

Now it would give me great satisfaction to know, and I think the public would like to know, what became of the difference, $27,000? That it was not used in the construction of the harbor, or in dredging, seems to be very certain. How then was it disposed of? Then as to the protection cribs; the Engineer, it appears, estimated their value at $6,000, but it is not stated how much Col. Barton was allowed. At the time of the loss of those cribs, Col. Barton claimed of the Common Council about $12,000; whether he received 6, 12, or as some say $20,000, it is certain that under his contract he was not entitled to one dollar. Their construction was his own affair entirely, for which the City was in no way responsible. Are our finances in such a flourishing condition that we can afford to give a gratuity, of from 6 to $20,000, to any person, however deserving? I think that even the Common Council must admit, in their cooler moments, that the exercise of such liberality, while our Treasury is bankrupt, and our securities 50 per cent. below par in the market, was very unwise, to say the least of it. Let the sum have been less or more, the members of the Council who voted for the appropriation, ought to reimburse the City the full amount. After substituting the Government for the City plan, it seems that no further attempt was made to carry on the work by contract. Having failed in getting the harbor built by contract, after three separate trials, it seems to have been concluded that better luck might be looked for, by letting matters take their own course, leaving Mr. Hasbrook to fix his own prices, and make his own estimates for work and materials! The result is a Harbor to be sure, but at prices four times as much as it was put under contract for, originally the Common Council congratulating themselves meanwhile upon the great work they have accomplished, ignoring the fact, that had not the work been turned over to Government supervision we should not have had a harbor to this day.

And now, a word with regard to the bonds issued to pay for the work. It appears that by the original contract the contractor was to take the bonds at par, and, of course, Col. Barton was bound to take them in the same manner. It does not appear that any different arrangement was made with Mr. Hasbrouck, on the transfer of Col. Barton's contract to him. Then all the contracts up to the time that the government plan was adopted, contemplated the reception of bonds at par, the contract prices up to that time being also based on bonds at par.—How is it that Mr. Hasbrouck, in his final account, has charged a discount of 20 per cent, on the 13 bonds paid to Col. Barton, as well as on those issued to himself? Why is it that the Council is so very ready to settle his account on that basis, especially in view of the exorbitant charges made for the work and materials, which is in excess of its value from 25 to 75 per cent, even in these times of high prices? There are three items in his account, amounting in all to $4,008, that may, part of it at least, be put to account of Col. Barton's protection cribs. They are for work on cribs across the bar and river, removing protection work and old dock, and putting stone in protection work, &c. We will now, Mr. Editor, go into an analysis of the account itself, substituting such prices for the different items of work and materials as I know to be adequate, and liberally taking the quantities as set down in the final account.

leaving $34,536 20 due him in bonds.

The above prices are intended to cover an ample profit, $15,000 at the least, and I can only add in conclusion that I should be glad to make such a contract to-morrow, the circumstances being similar to those under which the foregoing work was done.

A TAX-PAYER.

LECTURE OF CARL SCHURZ.—The lecture last evening, by Carl Schurz, Esq., deserves more than a mere passing notice at our hands, for we regard it as a production of extraordinary merit. We hope hereafter to speak more fully of the lecture and the lecturer.

The subject last evening was "Democracy in France," and its *object* the tracing out of those singular causes which have destroyed the fruits of the glorious, and, for the time, successful struggle of the French people for liberty. His descriptions of the events of the revolutions, and of the various classes of the French people were exceedingly graphic. The whole lecture gave us a most favorable impression of the talent of its author. We might, perhaps, take some exceptions not only to the subject matter, but to the taste of the last sentence. But where there was so much deserving of praise, and so little to condemn, we willingly let that little pass unnoticed.—*Janesville Dem. Standard.*

Cannot the officers of our Young Men's Association extend an invitation to Mr. SCHURZ to repeat his eloquent lecture in this city?

THE GAME LAWS.—The Game Season is over. From and after to-day, it will be unlawful to kill Deer, Partridges, Quail, Grouse, Woodcock, &c. Let us hope that the Law will be generally obeyed, and its penalties enforced against those who violate it. Our State is admirably adapted to Game of all kinds, and we shall always have an abundance of it here, if not killed out of season, or in unreasonable quantities. Unfortunately, the hope of large profits in the Eastern Markets prompted a wholesale slaughter of Deer, Grouse and Quail, last winter, and the consequence is that all of these have been very scarce this winter. Patridges, on the other hand, which were not much disturbed last year, have been abundant, excellent and cheap this season. It is the interest of all classes to enforce the Game Laws, and we hope that every man who kills Game out of season will be prosecuted and fined to the full extent of the law.

Mutiny of Coolies on Board of Ship.

BOSTON, Jan. 29.

A letter received from Capt. Ryan, of the ship Lion, from Hong Kong for Callao, dated Angier, November 22d, states that the ship Kate Hooker, of Baltimore, Capt. Jackson, from Macao, Oct. 15th, for Havana, with coolies, Nov. 27th, while waiting for men from Batavia, the coolies mutinied and got possession of the between decks and set the ship on fire three times, and before they could be subdued the officers had to shoot fifty of them. The master was confined to his bed by sickness at the time.

NEW YORK, Jan. 29.

John Oothout, President of the Bank of New York, and a highly valued citizen, died yesterday in the 70th year of his age.

VIRGINIA CIVILIZATION.—If some future historian, while investigating the manners and customs of Virginia, in 1858, should happen to encounter the documents which will be found in another column of this morning's Times, from two of the prominent public men of that State, he would probably come to the conclusion that the Old Dominion had not then emerged from barbarism. The performances of Messrs. Ridgeway and Wise must appear even to themselves, upon reflection, a fitting illustration of the absurdity of that so-called "code of honor" which it is their boast to respect and uphold, but which enlightened communities all the world over regard as a code of dishonor, and have banished forever as a monstrous imposition.

It is not necessary, in this meridian, to enter into any disquisition upon the merits or demerits of the "code of honor." Public sentiment has long since determined the issue. The disciples of the *duello* are here regarded as felons in the eye of the law, and for obedience to one "code" are sent to the State Prison by the decrees of another. We are aware that the civilization of the South is not yet ready to accept such doctrine, and we are prepared to hear continually of most sanguinary encounters. But the recent exhibition, in which Mr. Ridgeway, editor of the Richmond *Whig*, and Mr. Wise, son of the Governor of Virginia, have made themselves so conspicious, is a greater outrage upon public decency than any ordinary proceeding under the "code."

The readers of the *Whig* must be, by this time, aware of the fact that Mr. Ridgeway, as he himself admits, habitually insults Gov. Wise in the columns of his paper. It was one of these insults, more grievous perhaps than any other, that a son of the Governor undertook to avenge, by inflicting personal chastisement upon the libeler in his own sanctum. Both parties have issued "statements" in regard to the affair, and each has given the other the lie. We cannot pretend to say which of the two is correct and the point is certainly not worth investigating.—Our readers can decide the matter for themselves. But it is to a subsequent communication from Mr. Ridgway to which we would direct attention, and ask whether such proceedings are permitted by the laws of Virginia, and, if so, whether they are to be regarded as a type of the civilization of that State. Mr. Ridgway deliberately makes the following proposition to Mr. Wise:

I propose that you and I select only one friend each, and with one pair of pistols, we shall all meet in your office or mine at an hour to be hereafter designated—that after this meeting and the door being locked, you and I shall be securely blindfolded—that then the seconds shall load one of the pistols and leave the other unloaded—that they shall next determine by lot the choice of pistols—that the pistols shall then be handed to us, and that yours shall be placed directly against my breast and mine against yours—that next, and finally, at the giving of the word, we shall both pull trigger, and let the consequence take care of themselves.

This savage proposal to commit deliberate murder is rejected by Mr. Wise—not on any moral ground, but because it is in violation of the "code," which "code," be it observed, he himself had, with premeditation and malice aforethought, broken, when he perpetrated an act of personal violence with his cane. Mr. Ridgeway, in his rejoinder takes advantage of this point, and for the reason that his adversary has infringed the rules of the "code," and thereby "disregarded the usage that obtains among gentlemen," declines all further correspondence on the subject.

Mr. Ridgeway has thought proper to submit a history of the whole affair to the public, and in his own comments thereon, has the coolness to assert that his murderous proposition "amounted simply to an appeal to Providence and the sight of the case." It would, perhaps, have been better for all parties concerned if the matter had been kept secret, but since it has been disclosed with a flourish of trumpets, we are curious to learn how such a fragrant violation of the "code" will be received by the chivalry of Virginia.—Which side does the public sentiment take?—*N. Y. Times.*

From Japan.

"An amusing letter, signed H. C. J. H. in the Philadelphia *Inquirer*, dated Simoda, Sept. 17, 1857, says:

"The San Jacinto left here on the 3d of September last. In October, the Dutch steam frigate Medusa and the General Pierce visited this port. A typhoon also occurred about the same time, which handled us rather roughly, shook the old temple about our ears, threw the whole *Goiosho* down, smashed all the lacker ware, and covered the beach between Simoda and Kakizaki with junks, of which not a single one in the harbor escaped. In November, we had the Russian carvette Olivouza here.

"In April, we got out of lard; in May, got out of shoes; in June, out of butter; in July, out of bread, oil and money, and in August, out of patience."

"At last a vessel hove in sight from the signal station. Like a hunted deer, I bound over mountain and dale, through jungle and pasture-ground to get a view of the darling ship that was going to link me again to civilization; and, would you believe it, instead of entering the harbor, she disappeared—she left us. It was a whaler, looking for whales. Why did she not look for Consuls General and insolated Secretaries? I never cared about whalers; but now I not only dislike them, but I detest them; and if the man in the crow's nest could have seen me foaming with wrath and swearing vengeance to all mankind in general, and to whalers in particular, he certainly would have exclaimed, 'There she blows.'

"On the third of this month we got a package of letters and newspapers, the first we have received since leaving America in 1855. They were brought by the United States frigate Portsmouth, by which this reply was sent, and which left Simoda Sept. 22."

THE BOARD OF REGENTS.—The following message from GOVERNOR RANDALL was transmitted to the Senate on Friday:

EXECUTIVE DEPARTMENT,
Madison, Jan. 28, 1858.

To the honorable Senate:

In pursuance of the provisions of an act entitled "An act for the encouragement of academies and normal schools," approved March 7th, 1857, my predecessor filled the Board of Regents by appointment, as follows:

Edwin Cook, Appleton; J. G. McKindley, Kenosha; A. C. Spicer, Milton; Alfred Browson, Prairie du Chien; N. H. Virgin, Platteville; S. C. Bean, Waukesha; D. Y. Kilgore, Madison; M. P. Kinney, Racine; J. J. Enos, Watertown.

Of these, the term of office of N. H. Virgin, A. C. Spicer, and Edwin Cook, expired on the first day of January, A. D., 1858, and those gentlemen were re-appointed by my predecessor on that day. On the fifteenth day of January inst., N. H. Virgin filed in my office his resignation of his office as one of said Regents, and I recommend to the Senate for confirmation in his place, Hanmer Robbins, of Platteville.

I transmit to the Senate for its approval, the above appointments, as required by the terms of the act.

ALEX. W. RANDALL, Gov.

On motion of Mr. Sutherland, the message was referred to the committee on education, school and university lands.

SHOCKING CASE OF SUICIDE.—A young man about 23 or 24 years of age came into the shooting gallery of Charles F. Ottignon, No. 597 Broadway, about a quarter to 9 o'clock, and after firing a round of eight shots with a pistol, paid for them. He then stated that he would shoot another quarter's worth. After the pistol had been loaded, he deliberately placed the muzzle to his eye, discharging the contents into his head, when he fell and immediately expired.—The ball is supposed to have lodged in the brain. The name of the deceased is unknown. A number of persons endeavored to recognize the body but without success. The deceased had light complexion and light hair, and is about 5 feet 9 inches in hight. He was dressed in a black frock coat, dark cassimere pantaloons, black velvet vest with white spots, and a glazed cap.—Coroner Perry was notified of the occurrence, and will hold an inquest on the body at 10 o'clock to-day at the Eighth Ward Station-House, whither the body was conveyed.—*New York Tribune, Jan. 27.*

The victim of this shocking suicide proved to be LEWIS BEARDSLEE, of Madison, in this State, where he had left his young wife and child.—Reckless and intemperate habits had driven him to an early grave.

A HEAD OFF IN CHICAGO.—"Inspector," the well-informed correspondent of the New York *Courier*, says in his letter of January 24th, that Postmaster Price's nomination will not be sent into the Senate, viz:

"It is said that the President is about to open on the office-holders who owe their appointments to the influence of Douglas. Unless that Senator repents and comes round to the sound views of the Executive, not a friend of his remains in office two months from this date. The axe has fallen upon Mr. Price, P. M. of Chicago—a very valuable place. Mr. P. was appointed last Spring, on the nomination of Mr. Douglas. His name will not be sent to the Senate."

The above confirms our own advices from Washington.—*Chicago Tribune, Jan. 28.*

REDUCTION IN THE PRICE OF THE
BADGER STATE SAFES!

NOT TO BE SURPASSED in any respect by any safe manufactory in the whole country, we have just completed our arrangements for manufacturing the

BADGER STATE SAFES,

Upon a larger scale than we have ever done heretofore by the introduction of new machinery, and by increasing our manufacturing facilities.

FIRE & BURGLAR PROOF!

Our SAFES, as is well known, are more substantially constructed, and more handsomely finished than any other safe manufactured in America, and consequently it has cost us more in getting up our safes than any other manufacturing establishment in the country. But, notwithstanding this, we are now enabled to offer our safes to the public at

" 2 " " "	200,	225

and so on.

The severe tests which the Badger State Safe has stood, both in this city and elsewhere, establishes its proof against fire and water for the protection of valuables.

THE LITTLE GIANT AS THE GLADIATOR.—A gentleman, just arrived from Philadelphia, has handed us a capital caricature with the above title. The scene represents the Little Giant in the arena, sword in hand, defying the opponents of "popular sovereignty." On his right, Gov. Walker is making a tilt at the President, who is endeavoring to shield himself behind a document upon which is inscribed the words, "An enabling act." On the left, Forney, of the *Press*, has got the gladiator of the *Union* down—his foot upon his neck, and he is about dispatching that political fillibuster. In the back ground are several parties engaged in helter-skelter combat. The whole scene is witnessed by a large audience, in whose faces are depicted the emotions which govern their prejudices for or against the Little Giant and his friends. It is a fair hit at the southern fire-eaters and northern dough-faces.—*St. Louis Democrat.*

SENSIBLE.—The Ripon people have voted down the proposition to apply for a city charter. Beloit has resolved to give up her city charter, and a petition has been presented to the Legislature from some shrewd Milwaukee tax-payer, praying that Milwaukee may be annexed to the adjoining Town of Lake! City charters are costly luxuries.—*Badger State.*

☞ The most wonderful thing now before the public is Prof. De Grath's Electric Oil, of Philadelphia. Nothing before known has cured Palsy, Rheumatism, Neuralgia, Pains and Soreness of the worst kind in so short a time as to seem almost impossible. Messrs. Barnes and Park, of N. Y., the richest Medicine house in the U. S., write that this Oil has cured Palsy and many other cases. They have sold $1,000 worth in a short time. Mr. Seth S. Hance, of Baltimore, who has sold above $2,000 worth in a very short time, writes of wonderful cures of Palsy, Rheumatism, &c., cases unparalleled. Many other leading Dealers write the same thing. This Oil is magical to relieve pain, compared with other medicines, and cannot be adulterated like Bitters and Syrups, which everybody knows are almost all water. The Electric Oil is made of expensive materials and is scientifically compounded. Physicians are now using and recommending De Grath's Electric Oil from the only Office, No. 39 South Eighth st., between Chestnut and Walnut, near the great Masonic Temple.—A regular Doctor in attendance. Advice gratis.

TO THE MILLION.—Prof. Wood, of St. Louis, has, after years of deep study and untiring research, succeeded in presenting to the public an article superior to any now in use, and indeed it is truly a wonderful discovery—we advert to his Hair Restorative: the only article that has been completely successful in cheating age of his grey locks, removing dandruff, itching, scrofula, &c. It restores the grey-headed to more than the original beauty; adds new lustre to the locks already luxuriant; having the effect on coarse, harsh hair, to render it glossy and wavy; fastens permanently hair that is loose or falling, and many other qualities which will become known as soon as used.

The pride of mankind is singularly developed in the keeping and arrangement of the hair; perhaps from the fact that it is the only portion of the human body that we can train in any way we choose; how important, then, having this portion left to our care, that we should use all the means science has placed in our hands to render it beautiful and permanent. If you would have beautiful hair, glossy hair, hair with its natural color elegantly preserved to extreme old age, don't fail to purchase Wood's Hair Restorative.—*Daily Iowa State Gazette.*

CALEB WALL'S ADV'TS
CITY AUCTION ROOM.

City Auction Room.

I WANT to purchase twenty thousand to thirty thousand dollars worth of Dry Goods, in the following way: One quarter cash, balance in good city property; or I will pay all cash if I can agree on prices; or I will exchange good Bonds and Mortgages, or Railroad Stocks, or School Lands. Any one who is tired of trade, and wishes to give up and retire to private life, call on me and I will buy you out. My object is to do good to all, and keep myself at the same time. Or, if any one wants to sell his stock of Goods at auction, I will advance him from one-fourth to one-third it is worth on said Goods. I will advance on all kinds of Goods, Furniture, &c., &c., but said Goods will be sold in ten days after the advance, or the parties can, if they wish, redeem by paying the Commission. All I want is to make money out of money, and keep the balance a rolling. I also want it understood that I am ready to do all auction business entrusted to my care. Oh, I would also say that the great stock of Goods which has been selling on the west side of the river, at half price, that I have concluded to keep the store open for thirty days longer. The crowd is so great and Goods so cheap that I think it my duty to give all a chance to get great bargains. Recollect it is in the store room formerly occupied by J. L. Pierce, on west side of the river. dec22 CALEB WALL.

PITTSBURG, FT. WAYNE & CHICAGO RAILROAD!

THIS New and Direct Route now open to New York, Boston, Pittsburgh, Philadelphia, Baltimore and Washington City, Cleveland, Dunkirk, Buffalo, Niagara Falls, and all Eastern Cities, Cincinnati, Columbus, Dayton, Springfield, Urbana, Zanesville, Steubenville, Newark and Wheeling, and all interior towns of Ohio, Pennsylvania, Virginia, Maryland, New Jersey, &c., making one grand unbroken Rail Road line between

CHICAGO AND THE EAST.
FARE AS LOW AS ANY OTHER ROUTE.

☞ Passengers wishing to go by this desirable and pleasant Route, should be particular and ask for Tickets by Fort Wayne, avoiding the annoyance of re-checking baggage as by other Routes.

Trains leave Depot on VAN BUREN ST., daily as follows

6:00 A. M. 8.45 P. M.

With but one change of cars to Pittsburgh.

CHECKING BAGGAGE THROUGH

To Pittsburgh, Philadelphia, Baltimore and New York. Connecting directly with trains on the great Pennsylvania Central Railroad, to all Eastern cities. Also, with Cleveland and Columbus Railroad to Cleveland, Dunkirk, Buffalo, Niagara Falls, via New York Central and New York and Erie Railroads to New York and Boston.

Persons going East will find this route by far the most desirable both from the advantage in point of distance, variety and beauty of the country through which the roads pass, as well as the less frequent changes of cars, and the annoyance of re-checking baggage required by other routes.

Facilities for the transportation of Freight and Live Stock by this route, are unsurpassed. Rates as low as any other route, and with equal dispatch.

Tickets for sale at all the principal ticket offices at the West, and at the Company's Office, No. 30 Dearborn St., opposite the Tremont House, Chicago, and at the office of the Lake Shore Railroad, Milwaukee, by A. G. Leland.

LESSONS IN
Foreign Languages.

MR. AND MRS. L. S. B. DE CRETY, from PARIS, for four years past instructors in foreign languages in Milwaukee, have the honor to inform the public that they will form classes in the French, Italian and Spanish Languages on the 1st of September next. The course of instruction will be according to the age and intelligence of the pupils, and the classes kept entirely separate, their house being arranged with that view.

Gentlemen and ladies who begin to speak either of these languages, can receive lessons in Reading and Conversation, Mr. De Crety furnishing books of the best French authors. Those too wishing to learn vocal music in either of those languages, will find a competent music teacher in the establishment.

The hours of instruction will be from 8 to 11 o'clock A. M., and from 2 to 5 P. M.. And in the evening from half past 6 to 8, for conversation.

Mr. DE CRETY will also give lessons in French, Spanish and Italian, at his office, to gentlemen only, from 7 to 10 o'clock in the evening, as also lessons in Fencing, the use of the Sword, and all military exercises. Persons of delicate constitution and feeble temperament, as also those confined to their offices and engaged in sedentary pursuits, will derive from these exercises, improvement in their health, acquire strength in their limbs and find an agreeable recreation.

Mr. De Crety will also form similar classes for children, from 10 to 15 years old, at his house, or office, as parents may prefer. Fathers and mothers who desire to see their children strong, active and robust, can judge for themselves, after a few weeks trial, as to the effect of these different exercises upon their health.

The continued patronage of the public is respectfully solicited.

TO MERCHANTS.—Mr. DE CRETY will take charge of French correspondence to all the principal cities of France and will procure all Price Currents that they may want.

MEDICAL.

THE GREATEST
MEDICAL
DISCOVERY
OF THE AGE.

MR. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures
EVERY KIND OF HUMOR,
FROM
The worst Scrofula down to a common Pimple.
He has tried it in over eleven hundred cases, and never failed except in two cases, both thunder humor. He has now in his possession over one hundred certificates of its value, all within twenty miles of Boston.
Two bottles are warranted to cure a nursing sore mouth.
One to three bottles will cure the worst kind of pimples on the face.
Two or three bottles will clear the system of biles.
Two bottles are warranted to cure the worst canker in the mouth or stomach.
Three to five bottles are warranted to cure the worst kind of Erysipelas.
One to two bottles are warranted to cure all humor in the eyes.
Two bottles are warranted to cure running of the ears and blotches among the hair.
Four to six bottles are warranted to cure corrupt and running ulcers.
One bottle will cure scaly eruptions of the skin.
Two or three bottles are warranted to cure the worst kind of ringworm.
Two or three bottles are warranted to cure the most desperate case of rheumatism.
Three to four bottles are warranted to cure salt-rheum.
Five to eight bottles will cure the worst case of scrofula.
A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

ROXBURY, MASS.
DEAR MADAM:—The reputation of the Medical Discovery, in curing all kind of humors, is so well established, by the unanimous voice of all who have ever used it, that I need not say anything on the subject, as the most skilful physicians and the most careful Druggists in the country are unanimous in its praise.
In presenting the Medical Discovery to your notice, I do it with a full knowledge of its curative powers, in relieving all, and curing most of those diseases to which you are unfortunately so liable. That most excruciating disease to an affectionate mother
NURSING SORE MOUTH,
is cured as if by a miracle; your own temper is restored to its natural sweetness, and your babe from short and fretful naps to calm and sweet slumbers; and the Medical Discovery becomes a fountain of blessings to your husband and household.
In the more advanced stages of
CANKER
it extends to the stomach, ensuing
DYSPEPSIA,
which is nothing but canker on the stomach; then to the intestines and
KIDNEYS,
creating a sinking, gone feeling, and an indifference even to the cares of your family.
Your stomach is
RAW AND INFLAMED,
your food distresses you, and you can only take certain kinds, and even of that your system does not get half the nourishment it contains, as the acrimonious fluid of the canker eats it up; then your complexion loses its bloom and becomes sallow or greenish, and your best day is gone. For want of nourishment your system becomes loose and flabby, and the fibres of your body become relaxed. Then follow a train of diseases which the Medical Discovery is peculiarly adapted to
CURE;
Palpitation of the heart, pain in the side, weakness of the spine and small of the back, pain of the hip-joint when you retire, irregularity of the bowels, and also, that most excruciating of diseases the
PILES.
How many thousands of poor women are suffering from this disease and pining away a miserable life, and their next door neighbor does not know the cause. I wish to impress on your mind that good old proverb, "An ounce of prevention is better than a pound of cure." In the
MEDICAL DISCOVERY
you have both the preventative and the cure, with this great and good quality, that it will never, under any circumstances, do you an injury. Yours truly,
DONALD KENNEDY.

SANFORD'S LIVER INVIGORATOR!!

ONE OF THE BEST PURGATIVE and Liver Medicines now before the public, namely, DR. SANFORD'S INVIGORATOR, or LIVER REMEDY, that acts as a Cathartic, easier, milder and more effectual than any other medicine known. It is not only a Cathartic, but a Liver remedy acting first on the Liver to eject the morbid matter, then on the stomach and bowels, to carry off the matter, thus accomplishing two purposes effectually, without any of the painful feelings experienced in the operations of most Cathartics. It strengthens the system at the same time that it purges it, and when taken in moderate doses will strengthen and build it up with unusual rapidity.
DR. SANFORD'S INVIGORATOR is compounded entirely from new articles of medicine, viz: Gums.
Some idea of the strength of these gums may be formed when it is known that one bottle of the Invigorator contains as much strength as one hundred doses of Calomel without any of its deleterious effects.
Though possessing rare medicinal powers, these Gums have been but little known to physicians, and never used in their prescriptions until used in the form of the Invigorator, which met with such unprecedented success as to induce the proprietor to offer it as a family medicine tried and known in its effects. It has rarely ever failed to cure Liver Complaints in their worst forms.
INDIGESTION being caused by a deranged Liver is cured when the Liver is excited to action.
JAUNDICE is caused by the improper action of the Liver, and as a proof that the Invigorator relieves this disease, let any one troubled with Jaundice take the Invigorator regularly one week, and their skin will begin to assume its original color.
COSTIVENESS can be permanently cured by the Invigorator. Take it in small doses on retiring, and it assists nature in her operations. By gradually diminishing the dose, the bowels are left in a healthy and active state, and work as regularly as clock work.
SICK HEADACHE is very soon relieved by taking a double dose of the Invigorator, which corrects all acidity and sourness of the stomach.
For an overloaded stomach it has no equal, as it relieves all oppressive or uneasy feeling after eating heartily. For a family medicine generally, all who use it speak in the highest terms.
DR. SANFORD'S INVIGORATOR came to us recommended to us a cure for Liver Complaints, and all diseases arising from a diseased Liver. The testimonials of so many of our Physicians in its favor, induced us to try it, and now conviction is certain that it is one of the greatest blessings ever given to Dyspeptics, for it made a complete cure before the first bottle was taken, and now we can eat anything edible without trouble, while before nothing but the lightest food would digest, and often that gave pain. Now what we want to say to all our readers is, if Liver Complaint or Dyspepsia trouble you, do not fail to try this the greatest remedy in the world.—State Fact.
We take infinite pleasure in recommending this medicine as a preventative for FEVER and AGUE, CHILL FEVER, and all FEVERS of a BILIOUS TYPE. It operates with certainty, and thousands are willing to testify to its wonderful virtues.
There has never been tried in our family a remedy which has met with such unbounded success in the cure of diseases incident to children, as DR. SANFORD'S INVIGORATOR; nor is it alone for diseases of children that we use it; for it acts as a Cathartic so mildly and gently, and seems to renovate the system so thoroughly that we think we are doing a service to all in advising them, when they need medicine, to try this remedy. There are cases that have come under our notice where great benefit has been received in diseases of the Liver, Stomach and Bowels, where all other remedies failed to give relief. It has become so useful in our family that we will not be without it.—Jacksonville, Ala. Republican.

LESSONS IN
Foreign Languages.

MR. AND MRS. L. S. B. DE CRETY, from Paris, for four years past instructors in foreign languages in Milwaukee, have the honor to inform the public that they will form classes in the French, Italian and Spanish Languages on the 1st of September next. The course of instruction will be according to the age and intelligence of the pupils, and the classes kept entirely separate, their house being arranged with that view.

Gentlemen and ladies who begin to speak either of these languages, can receive lessons in Reading and Conversation, Mr. DE CRETY furnishing books of the best French authors. Those too wishing to learn vocal music in either of those languages, will find a competent music teacher in the establishment.

The hours of instruction will be from 8 to 11 o'clock A. M., and from 2 to 5 P. M.. And in the evening from half past 6 to 8, for conversation.

Mr. DE CRETY will also give lessons in French, Spanish and Italian, at his office, to gentlemen only, from 7 to 10 o'clock in the evening, as also lessons in Fencing, the use of the Sword, and all military exercises. Persons of delicate constitution and feeble temperament, as also those confined to their offices and engaged in sedentary pursuits, will derive from these exercises, improvement in their health, acquire strength in their limbs and find an agreeable recreation.

Mr. De Crety will also form similar classes for children, from 10 to 15 years old, at his house, or office, as parents may prefer. Fathers and mothers who desire to see their children strong, active and robust, can judge for themselves, after a few weeks trial, as to the effect of these different exercises upon their health.

The continued patronage of the public is respectfully solicited.

TO MERCHANTS.—Mr. DE CRETY will take charge of French correspondence to all the principal cities of France and will procure all Price Currents that they may want.

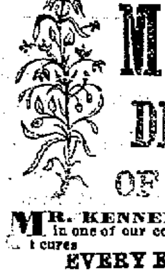
MEDICAL.



THE GREATEST
MEDICAL
DISCOVERY
OF THE AGE.

MR. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures
EVERY KIND OF HUMOR,
FROM
The worst Scrofula down to a common Pimple.
He has tried it in over eleven hundred cases, and never failed except in two cases, both thunder humor. He has now in his possession over one hundred certificates of its value, all within twenty miles of Boston.
Two bottles are warranted to cure a nursing sore mouth.
One to three bottles will cure the worst kind of pimples on the face.
Two or three bottles will clear the system of biles.
Two bottles are warranted to cure the worst canker in the mouth or stomach.
Three to five bottles are warranted to cure the worst kind of Erysipelas.
One to two bottles are warranted to cure all humor in the eyes.
Two bottles are warranted to cure running of the ears and blotches among the hair.
Four to six bottles are warranted to cure corrupt and running ulcers.
One bottle will cure scaly eruptions of the skin.
Two or three bottles are warranted to cure the worst kind of kind of ringworm.
Two or three bottles are warranted to cure the most desperate case of rheumatism.
Three to four bottles are warranted to cure salt-rheum.
Five to eight bottles will cure the worst case of scrofula.
A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

ROXBURY, Mass.
DEAR MADAM:—The reputation of the Medical Discovery, in curing all kind of humors, is so well established, by the unanimous voice of all who have ever used it, that I need not say anything on the subject, as the most skillful physicians and the most careful Druggists in the country are unanimous in its praise.
In presenting the Medical Discovery to your notice, I do it with a full knowledge of its curative powers, in relieving all, and curing most of those diseases to which you are unfortunately so liable. That most excruciating disease to an affectionate mother
NURSING SORE MOUTH,
is cured as if by a miracle; your own temper is restored to its natural sweetness, and your babe from short and fretful naps to calm and sweet slumbers; and the Medical Discovery becomes a fountain of blessings to your husband and household.
In the more advanced stages of
CANKER
it extends to the stomach, ensuing
DYSPEPSIA,
which is nothing but canker on the stomach; then to the intestines and
KIDNEYS,
creating a sinking, gone feeling, and an indifference even to the cares of your family.
Your stomach is
RAW AND INFLAMED,
your food distresses you, and you can only take certain kinds, and even of that your system does not get half the nourishment it contains, as the acrimonious fluid of the canker eats it up; then your complexion loses its bloom and becomes sallow or greenish, and your best day is gone. For want of nourishment your system becomes loose and flabby, and the fibres of your body become relaxed. Then follow a train of diseases which the Medical Discovery is peculiarly adapted to
CURE;
Palpitation of the heart, pain in the side, weakness of the spine and small of the back, pain of the hip-joint when you retire, irregularity of the bowels, and also, that most excruciating of diseases the
PILES.
How many thousands of poor women are suffering from this disease and pining away a miserable life, and their next door neighbor does not know the cause. I wish to impress on your mind that good old proverb, "An ounce of prevention is better than a pound of cure." In the
MEDICAL DISCOVERY
you have both the preventative and the cure, with this great and good quality, that it will never, under any circumstances, do you an injury. Yours truly,
DONALD KENNEDY.

SANFORD'S LIVER INVIGORATOR!
ONE OF THE BEST PURGATIVE and Liver Medicines now before the public, namely, DR. SANFORD'S INVIGORATOR, or LIVER REMEDY, that acts as a *Cathartic*, easier, milder and more effectual than any other medicine known. It is not only a Cathartic, but a Liver remedy acting first on the Liver to eject the morbid matter, then on the stomach and bowels, to carry off the matter, thus accomplishing two purposes effectually, without any of the painful feelings experienced in the operations of most Cathartics. It strengthens the system at the same time that it purges it, and when taken in moderate doses will strengthen and build it up with unusual rapidity.
DR. SANFORD'S INVIGORATOR is compounded entirely from new articles of medicine, viz: Gums.
Some idea of the strength of these gums may be formed when it is known that one bottle of the Invigorator contains as much strength as one hundred doses of Calomel without any of its deleterious effects.
Though possessing rare medicinal powers, these Gums have been but little known to physicians, and never used in their prescriptions until used in the form of the *Invigorator*, which met with such unprecedented success as to induce the proprietor to offer it as a family medicine tried and known in its effects. It has rarely ever failed to cure Liver Complaints in their worst forms.
INDIGESTION being caused by a deranged Liver is cured when the Liver is excited to action.
JAUNDICE is caused by the improper action of the Liver, and as a proof that the Invigorator relieves this disease, let any one troubled with Jaundice take the Invigorator regularly one week, and their skin will begin to assume its original color.
COSTIVENESS can be permanently cured by the Invigorator. Take it in small doses on retiring, and it assists nature in her operations. By gradually diminishing the dose, the bowels are left in a healthy and active state, and work as regularly as clock work.
SICK HEADACHE is very soon relieved by taking a double dose of the Invigorator, which corrects all acidity and sourness of the stomach.
For an overloaded stomach it has no equal, as it relieves all oppressive or uneasy feeling after eating heartily. For a *family medicine* generally, all who use it speak in the highest terms.
DR. SANFORD'S INVIGORATOR came to us recommended to us a cure for Liver Complaints, and all diseases arising from a diseased Liver. The testimonials of so many of our Physicians in its favor, induced us to try it, and now conviction is certain that it is one of the greatest blessings ever given to Dyspeptics, for it made a complete cure before the first bottle was taken, and now we can eat anything edible without trouble, while before nothing but the lightest food would digest, and often that gave pain. Now what we want to say to all our readers is, if *Liver Complaint* or *Dyspepsia* trouble you, do not fail to try this the greatest remedy in the world.—*State Fact.*
We take infinite pleasure in recommending this medicine as a preventative for FEVER and AGUE, CHILL FEVER, and all FEVERS of a BILIOUS TYPE. It operates with certainty, and thousands are willing to testify to its wonderful virtues.
There has never been tried in our family a remedy which has met with such unbounded success in the cure of diseases incident to children, as DR. SANFORD'S INVIGORATOR; nor is it alone for diseases of children that we use it; for it acts as a Cathartic so mildly and gently, and seems to renovate the system so thorough that we think we are doing a service to all in advising them, when they need medicine, to try this remedy. There are cases that have come under our notice where great benefit has been received in diseases of the Liver, Stomach and Bowels, where all other remedies failed to give relief. It has become so useful in our family that we will not be without it.—*Jacksonville, Ala. Republican.*

J. R. STAFFORD'S OLIVE TAR
